I agree,

Once it's there it's never going anywhere and those trailers will be there for years to come

Good morning Linsey,

I hope this email finds you well and at least somewhat recovered from your recent loss. In light of last night's FPNA mtg and our firm opposition to an allegedly temporary childcare modular facility on Flamingo Park greenspace, may I ask that you vote against the certificate of appropriateness? It represents yet another attempt by municipal bureaucrats to force inappropriately sited municipal infrastructure into an unwillingly overburdened neighbourhood, being a knock-on of the poorly and certainly not holistically planned fire station 1 project proposed for 6th St.

Thank you,
Johann
