I'm STRONGLY against the roof top addition proposed by Tantra at 1445 Pennsylvania Ave. This will take away from the original & historic Art Deco design & does not fit in appropriately to this community & the Art Deco district. All buildings around it are original 2 stories with no roof top. There was no roof top when this historical art deco

building was built and therefore any roof top addition would take away from South Beach international known Art Deco District. Please DO NOT ALLOW this roof top addition and keep the building as it was originally built and our historical art deco district TRUE to its meaning and original design, International know & our community.

This is also a RESIDENTIAL community and no place for a hotel, bar, club, lounge or restaurant. It is next to an Elementary school in a residential or Deco District. Please do not allow this roof top addition to be added as a hotel with the pool, bar or club in this part of the residential Art Deco District.

I live in the Chelsea next to Tantra and we have stayed true to how our Art Deco residential buildings were built and this should be enforced by the historical board as well in not allowing this roof too addition to be added. It was not there in the 1920's and has no place to be here now if we want to keep this an ORIGINAL ART DECO BUILDING.

Thank you,
Reggie Woodham
