Figure 1 consists of five diagrams labeled (a) through (e), each showing a rectangular area representing a 100% permeable barrier. The diagrams are arranged horizontally. Each diagram has dimensions of 100' x 100' indicated below it. Diagram (a) shows a single rectangular area. Diagram (b) shows a rectangular area with a smaller rectangular area inside it. Diagram (c) shows a rectangular area with a smaller rectangular area inside it, and a label '100% permeable' pointing to the outer area. Diagram (d) shows a rectangular area with a smaller rectangular area inside it, and a label '100% permeable' pointing to the outer area. Diagram (e) shows a rectangular area with a smaller rectangular area inside it, and a label '100% permeable' pointing to the outer area.
