Brand Positioning

Andaz Defined

Andaz, translated from Hindi, means “personal style.” But it means much more than that. It’s about who you are, fully. Your personal essence, your being. It’s about what makes you unique and having the freedom to pursue it.

At Andaz hotels, we see our name as a rallying cry. A calling to provide space for those looking to find and express their Andaz.

Brand Mission

Our brand mission is to empower self-expression and stimulate guests’ curiosity through imaginative travel.

Brand DNA:

EMPOWERING - Offers the space and opportunity for full self-expression.

IMAGINATIVE - Inspires experimentation and play for others through creativity and unexpected touches.

DARING - Challenges all forms of preconception.

ROOTED - Integrates into the fabric of each community to offer an individualized local experience.

Brand Pillars

LOCAL EXPRESSION - Andaz hotels capture the imaginations of guests by presenting them with the creative spirit of each destination. Each hotel is an imaginative interpretation of the location and a haven of self-expression. Design channels distinct cultural elements, F&B is crafted with native ingredients, and programming reflects particular pleasures and pastimes of the locale—resulting in a luxury hotel that sophisticated locals embrace and would readily recommend to curious travelers of similar good taste.

INNOVATIVE SPIRIT - Every Andaz location is a laboratory of creativity, where the best and brightest of each destination can be themselves and empower guests to do the same. From digital art displays to localized programming, every Andaz environment pushes itself to be distinctively innovative. Whether that's a cocktail culture with a fiery spirit (pun intended) or spaces designed to spark the imagination, each Andaz hotel is uniquely Andaz, singularly inspired by its local destination and culture.

SERVICE CREATIVITY - Just as travel offers guests the opportunity to explore and play, the Andaz brand mission empowers our colleagues to think and act creatively. With originality and ownership as the bedrock of each individualized destination, our brand DNA's commitment to self-expression and imagination among colleagues guides every interaction and service gesture, inspiring guests to discover both the world and themselves through travel.

SOPHISTICATED WHIMSY - At Andaz hotels, we believe luxury shouldn't take itself too seriously. Self-expression is an act of creativity, and at the center of creativity is playfulness. Every destination is designed to be a blank canvas that inspires guests to explore the breadth of their identity. Through spaces that spark imagination and empower guests to explore, playful moments designed by colleagues, and traditional social programming and experiences with exciting twists.

Our Guests

CREATIVE FIRST CLASS - Imaginative and curious travelers with taste and means who look to express themselves wherever they go. They seek surprising, enriching experiences that broaden their horizons, internally and externally. For them, every day, every destination, is an opportunity to refine and redefine their vision of the world, and themselves.

INDUSTRY INNOVATORS - Business persons in constant search of inspiration as they reimagine the future of their business and the industry they work in.

IMMERSIVE EXPLORERS - Educated travelers seeking to enrich their lives through genuine, locally-approved experiences with new cultures and destinations.

Through captivating visuals, we can showcase the diverse experiences, spaces, and moments that empower individuals to embrace their true selves or uncover new aspects of their identity. From adventurous escapades to serene retreats, our imagery captures the breadth of opportunities available within our spaces.

1. Hotel Guests
2. Guests attending a Private Function
3. The Public
4. Spa Guests

From there, the guests will be directed to their hotel rooms and given a brief description of the amenities the hotel offers. Guests attending private functions such as weddings, business meetings and social gatherings will enter the 2nd floor Andaz Lounge. The general public will be welcomed to the facility to dine and unwind at the property's restaurant and cocktail spaces. Controlled points will be managed by hotel personnel and provide a "concierge" like service to direct hotel guests and the public to the appropriate social spaces within the hotel grounds. Spa Guests are welcome by appointment only to the hotel's Spa located on the 4th Floor.

Deliveries and Collections

In an effort to ensure minimal impact on local residents, hotel guests and street traffic, the following procedures will take place:

Food & Beverage Deliveries:

Food and beverage deliveries will be received on West 40th Street where a receiving area is located. The receiving area is staffed with security and receiving personnel who check in vendors and verify product deliveries through hotel operational procedures. Another area located on the alley on West 41st Street is equipped to receive smaller deliveries exclusively for the 3-meal restaurant. Deliveries will be directed from the hours of 6:30am to 10pm. Understanding that there may be certain circumstances that require augmentation to the delivery window, the hotel management will do its very best to ensure deliveries have little impact on the above mentioned groups. Hotel receivers will be staffed to efficiently receive products to meet the delivery window expectations.
