Hi Miami Beach Local Officials,

I hope you are doing well! I wanted to reach out and escalate the issue of the proposal for the SoBeach Regal theater to be gutted and repurposed for a “Superhuman Museum”. I cannot express the disappointment if this were to come to pass. This theater is a staple to the community and a precious location for all locals. It’s concerning to even consider a museum, when in the past similar concepts have been installed have closed down. Meaning that the revenue would fizzle and impact the local restaurants and businesses in the area.

It’s also concerning to consider this proposal as it is taking away a third place from the community. I often go with my family, see friends, and have date night. I see kids/families, friends, single movie goers, and other locals come for a cinematic adventure. I have gone to events and supported this theater since moving to the beach in 2019. To install a millionaires dream on a whim will make major irreversible consequences to the community. If there is an issue with the theater then it’s better for the community to rise up and support. A superhuman museum is a fad. Film never dies.

I love this theater, my family loves it, everyone I have shared this news is heartbroken. We love the folks that work there and are recognized as regulars. I have launched a petition for people to sign to signal that we don’t want this. I hope we can lean on your support so our voices are heard. I appreciate your time in reading this message and plan on attending the meeting regarding this proposal.
