 For TRM

SUBJECT: **PB25-0780. 7605 Collins Ave – Comprehensive Plan and Future Land Use Map Amendments**  
**PB25-0781. 7605 Collins Ave – Zoning District Change.**

### **RECOMMENDATION**

Review the proposed ordinances amending the Comprehensive Plan and the Future Land Use Map (FLUM) of the Comprehensive Plan, as well as the change to the zoning district for 7605 Collins Avenue, and transmit the ordinances to the City Commission with favorable recommendations.

### **HISTORY**

On March 13, 2024, the City Commission adopted Resolution 2024-32945, which approved the purchase of the single-family property located at 7605 Collins Avenue. The subject property at 7605 Collins Avenue, which is located at the northeast corner of Collins Avenue and 76<sup>th</sup> Street and is surrounded by public open space to the north and east (Altos del Mar Park), was acquired by the City for the initial purpose of utilizing the existing home as a satellite office for the Building Department in North Beach. Since that time, the City Commission has been exploring other potential uses for the property.

On June 25, 2025, at the request of Commissioner Tanya K. Bhatt, the City Commission referred the ordinances amending the Comprehensive Plan, Future Land Use Map and Zoning Map to the Planning Board (C4 G).

### **ZONING / SITE DATA**

Legal Description:	Lot 6, Block 10, of Corrected Plat of Altos Del Mar No. 1, and the west ½ of alley lying east and adjacent, as recorded in Plat Book 31, Page 40 of the Public Records of Miami-Dade County.
Site Area:	0.16 acres (7,000 SF)
Living Area:	3,046 SF
Existing Zoning Designation:	<b>RS-4</b> , Residential Single Family
Proposed Zoning Designation:	<b>GU</b> , Government Use
Existing FLUM Category:	<b>RS</b> , Residential Single Family
Proposed FLUM Category:	<b>PF</b> , Public Facility

**REVIEW CRITERIA**

Pursuant to Section 2.5.1 of the Resiliency Code, in reviewing a request for a change to the zoning district boundaries (rezoning) of a parcel or parcels of land, the board shall consider the following when applicable:

- 1. Whether the proposed change is consistent and compatible with the comprehensive plan and any applicable neighborhood or redevelopment plans.**

**Consistent** – The proposed amendment to the zoning district is consistent with the goals, objectives, and policies of the Comprehensive Plan, as proposed to be amended.

- 2. Whether the proposed change would create an isolated district unrelated to adjacent or nearby districts.**

**Consistent** – The proposed amendment does not create an isolated district.

- 3. Whether the change suggested is out of scale with the needs of the neighborhood or the city.**

**Consistent** - The proposed change is not out of scale with the needs of the neighborhood.

- 4. Whether the proposed change would tax the existing load on public facilities and infrastructure.**

**Consistent** – The proposed change should not tax the existing load on public facilities and infrastructure.

- 5. Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.**

**Satisfied** – The boundaries are not illogically drawn.

- 6. Whether changed or changing conditions make the passage of the proposed change necessary.**

**Consistent** – The isolated nature of the single family zoning designation, and its purchase by the city, make the passage of the proposed change necessary.

- 7. Whether the proposed change will adversely influence living conditions in the neighborhood.**

**Consistent** – The proposed ordinance amendment should not adversely affect living conditions in the neighborhood.

- 8. Whether the proposed change will create or excessively increase traffic congestion beyond the levels of service as set forth in the comprehensive plan or otherwise affect public safety.**

**Consistent** – The proposed change should not excessively increase traffic congestion

beyond the levels of service as set forth in the comprehensive plan

**9. Whether the proposed change will seriously reduce light and air to adjacent areas.**

**Consistent** – The proposed change will not reduce light and air to adjacent areas.

**10. Whether the proposed change will adversely affect property values in the adjacent area.**

**Consistent** – The proposed change will should adversely affect property values in the adjacent areas.

**11. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accordance with existing regulations.**

**Consistent** – The proposed change will not be a deterrent to the improvement or development of properties in the City.

**12. Whether there are substantial reasons why the property cannot be used in accordance with existing zoning.**

**Consistent** – As a government owned property, it cannot realistically be used as single family property.

**13. Whether it is impossible to find other adequate sites in the city for the proposed use in a district already permitting such use.**

**Not Applicable**

**14. Whether the proposed change is consistent with the sea level rise and resiliency review criteria in chapter 7, article I, as applicable.**

**See below**

**COMPLIANCE WITH SEA LEVEL RISE AND RESILIENCY REVIEW CRITERIA**

Section 7.1.2.4 of the LDRs establishes the following review criteria when considering ordinances, adopting resolutions, or making recommendations:

**(1) Whether the proposal affects an area that is vulnerable to the impacts of sea level rise, pursuant to adopted projections.**

**Consistent** – The proposal does affect areas that are vulnerable to the impacts of sea level rise in the long term.

**(2) Whether the proposal will increase the resiliency of the City with respect to sea level rise.**

**Consistent** – The proposal does not affect the resiliency of the City.

**(3) Whether the proposal is compatible with the City’s sea level rise mitigation and**

**resiliency efforts.**

**Consistent** – Any renovations / new construction will be compatible with the City’s sea level rise mitigation and resiliency efforts.

**ANALYSIS**

The zoning designation for the subject property at 7605 Collins Avenue automatically converted from Single Family Residential (RS-4) to Government Use (GU) at the time the City acquired the parcel. Notwithstanding, a zoning map change (PB25-0781) is proposed to formally amend the zoning atlas by changing the zoning classification of the property from RS-4 to GU.

The subject property is also currently designated as Single Family Residential (RS) on the Future Land Use Map (FLUM) of the Comprehensive Plan, and the proposed uses being considered for the property would be inconsistent with the current FLUM designation of RS. As such, an ordinance to change the FLUM designation for the property to Public Facility: Governmental Uses (PF) is proposed (PB25-0781), which would allow for a broader array of public uses.

In addition to the FLUM amendment, the ordinance includes a text amendment to the Public Facility: Governmental Uses (PF) future land use category in the Comprehensive Plan. Specifically, policy RLU 1.1.17 is proposed to be amended to clarify allowable office uses, as well as allow for personal service uses, arts and culture organizations and uses, environmental and science related uses, and community centers.

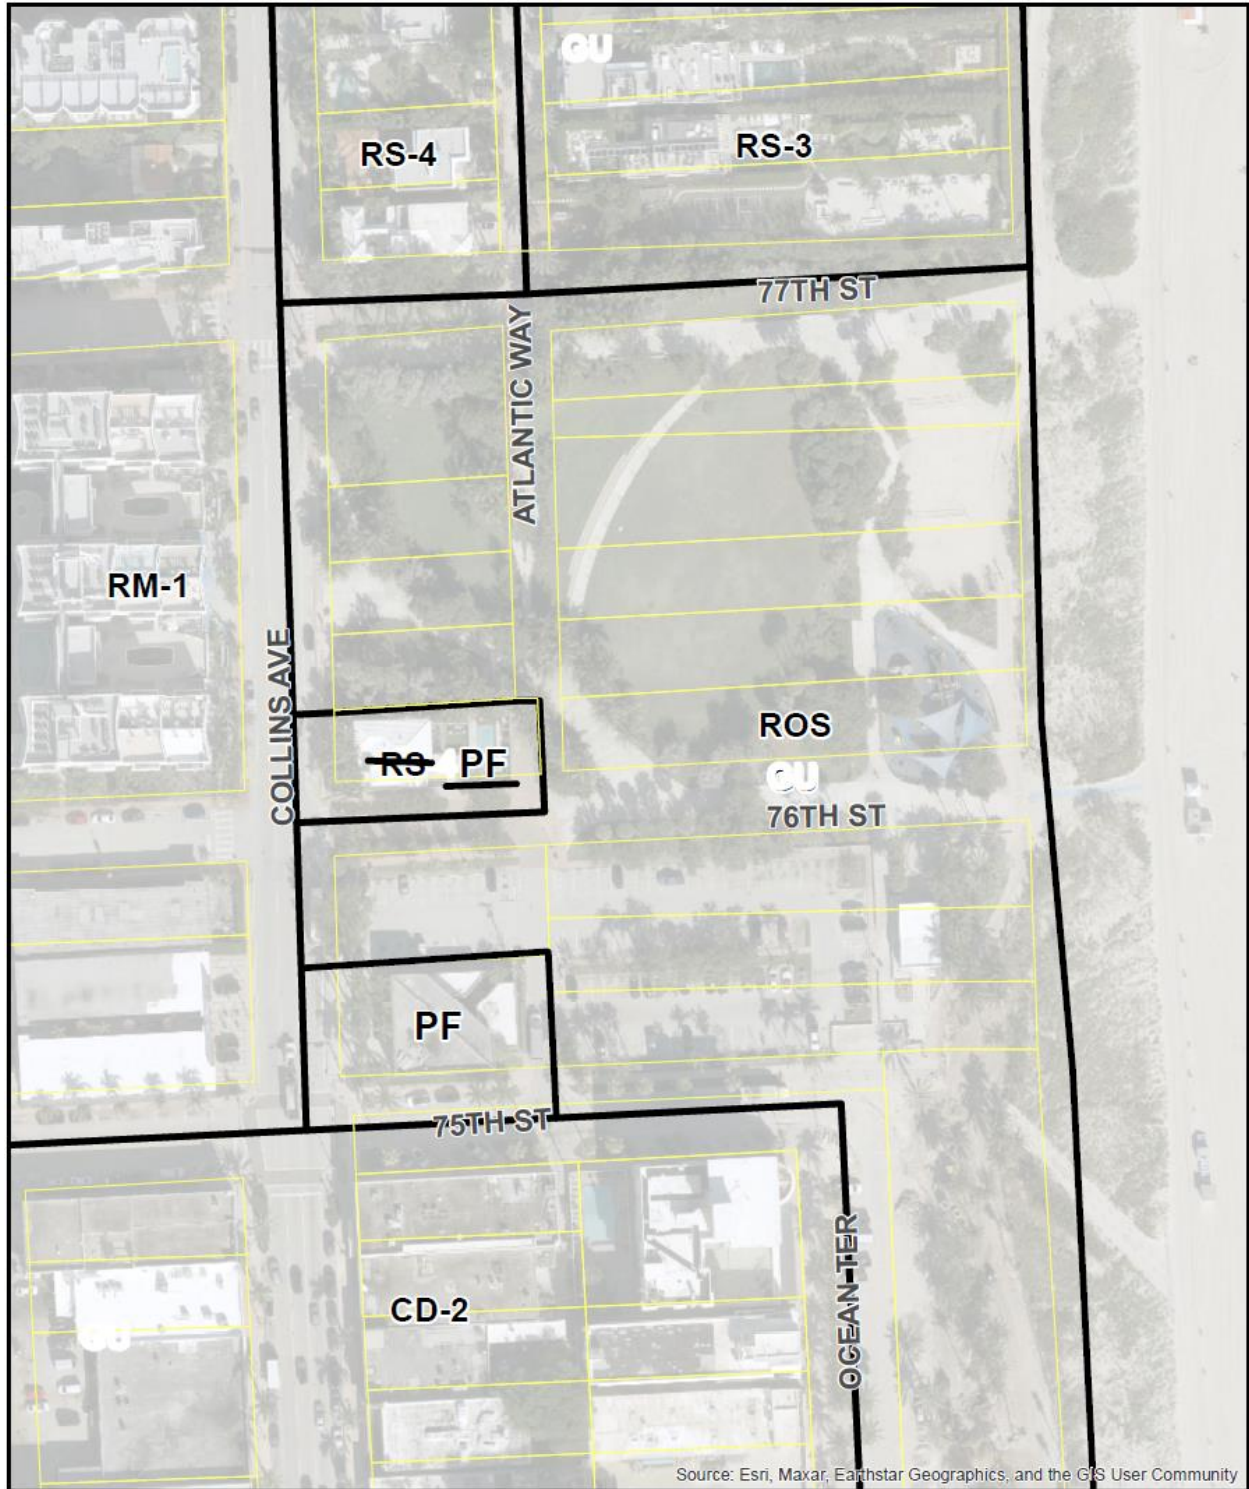

**COMPREHENSIVE PLAN AMENDMENT AND REVIEW PROCESS**

The total land area involved in the FLUM amendment portion of this application is approximately 0.16 acres (7,000 SF), not including portions within a right-of-way, and under Section 163.3187 F.S., land use map amendments of less than 10 acres in size may be considered “small-scale” amendments. However, the corresponding text amendments proposed would exceed 10 acres.

As such, under Section 163.3184(2), Florida Statutes, the entirety of the amendment shall follow the expedited state review process for adoption of comprehensive plan amendments. This process requires a public hearing by the local planning agency (Planning Board), a public transmittal hearing before the City Commission, after which the amendment must be transmitted to several state agencies for a 30-day review period, and a final adoption public hearing before the City Commission. The amendment is effective 31-days after it is adopted if there are no appeals.

**RECOMMENDATION**

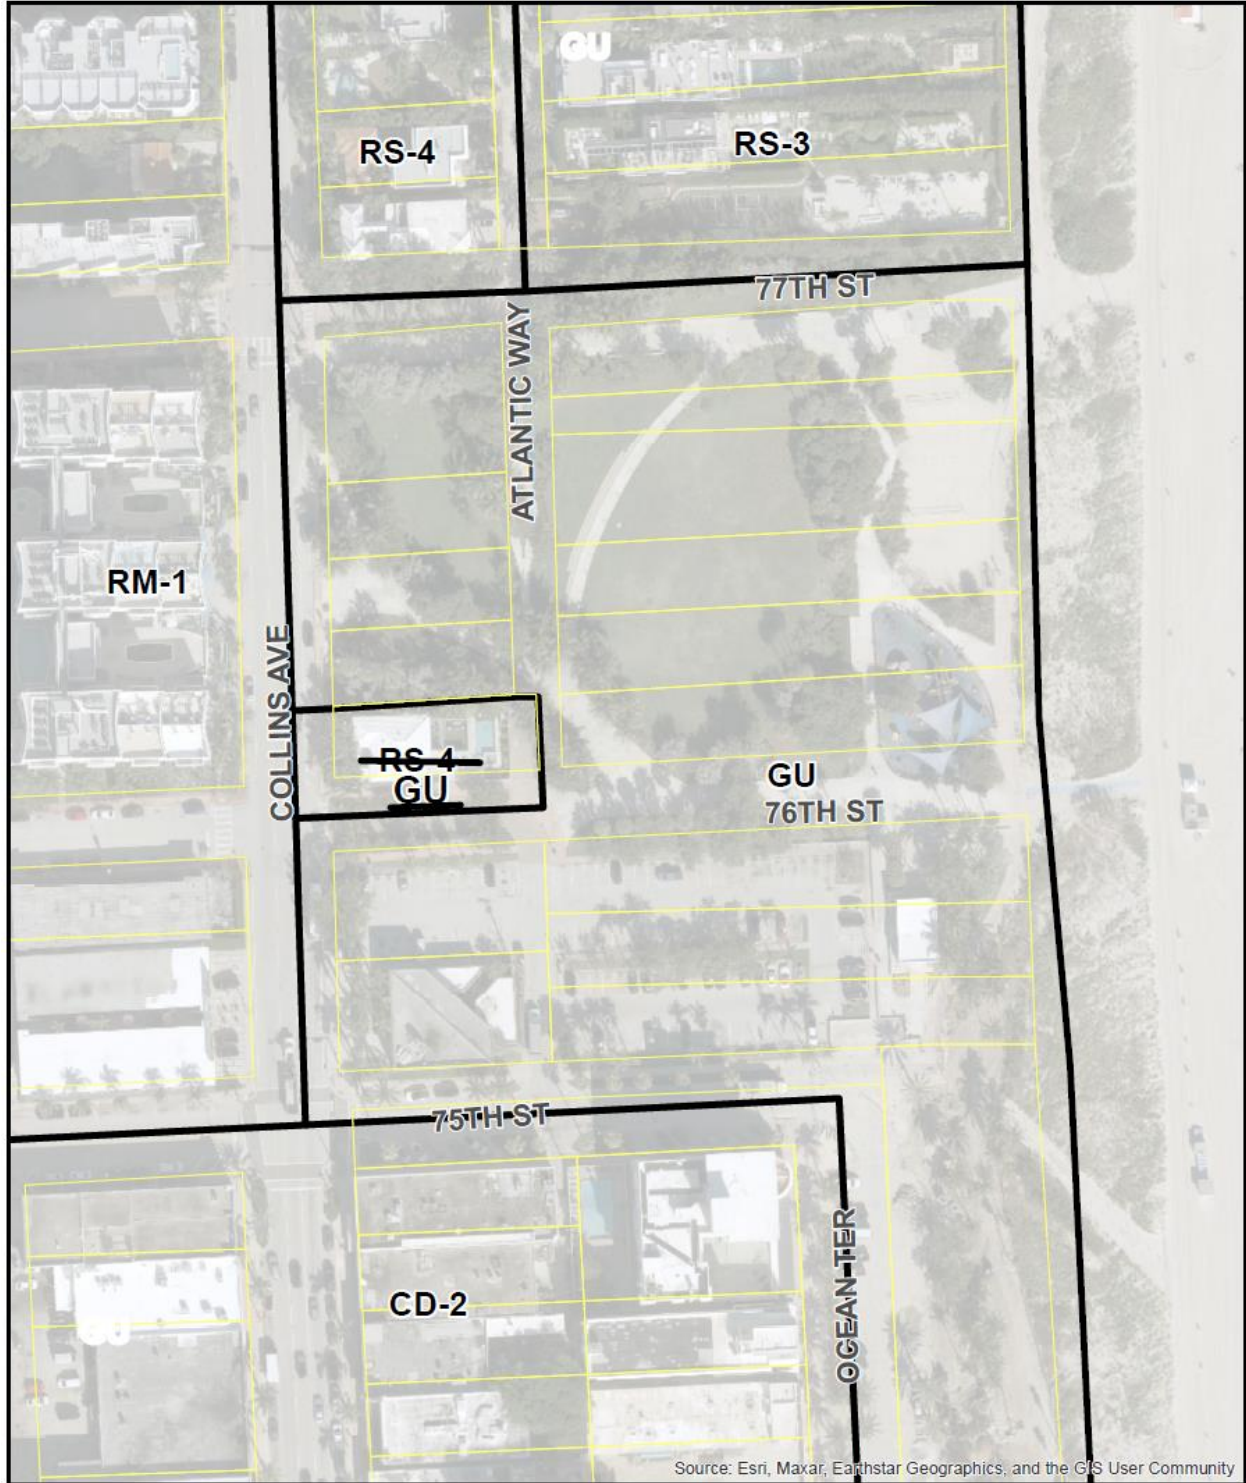

In view of the foregoing analysis, staff recommends that the Planning Board transmit each of the proposed ordinances to the City Commission with a favorable recommendation.
