IN RE:

An application has been filed requesting a modification to a previously approved project that consisted of the construction of a new 1-story commercial building, including a variance from the minimum landscape requirement bordering a temporary or provisional surface parking lot abutting a property line, street, or sidewalk, and one or more waivers, replacing an existing two-story commercial building. Specifically, the applicant is proposing to retain the existing two-story commercial building and is requesting variances for the continued use of existing parking lot lighting, to maintain existing asphalt hardscape, and maintain existing landscape borders around the parking areas. Additionally, the applicant is requesting to modify the design of the proposed building to include an elevator and staircase to allow access to the roof deck and green roof.
