 - vi. The granting of the variance will be in harmony with the general intent and purpose of these land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare;
 - vii. The granting of this request is consistent with the comprehensive plan and does not reduce the levels of service as set forth in the plan; and
 - viii. The granting of the variance will result in a structure and site that complies with the sea level rise and resiliency review criteria in chapter 7, article 1, as applicable.
- C. The Board hereby **Approves** the variance requests and imposes the following conditions based on its authority in Section 2.8.4 of the Miami Beach City Code:
- 1 Substantial modifications to the plans submitted and approved as part of the application, as determined by the Planning Director or designee, may require the applicant to return to the Board for approval of the modified plans, even if the modifications do not affect variances approved by the Board.
