

LETTER OF SUPPORT
SOUTH OF FIFTH NEIGHBORHOOD ASSOCIATION

Dear Design Review Board Members,

The South of Fifth Neighborhood Association (SOFNA) expresses its support for the Design Review Board application for exterior improvements to the Apogee Condominium and reject the Staff Report & Recommendation proposed conditions to remove the proposed fence and gate on the west side and eliminate the proposed landscaping on the west side to retain the current planting design for the entire west side of the site with no changes. SOFNA's position is based on attractive architectural plans and the foreseeable benefits from the proposed improvements, including the lush landscaping and beautified northeast courtyard, improved signage and wayfinding, and increased security for residents.

Sincerely,

SOFNA Board of Directors

Keith Marks – President

Alyson Herman – Vice President

Ron Starkman – Secretary

Jordy Levy – Treasurer

John Caprio – Director

David Podein – Director

Mark Haskins – Director
