WASHINGTON AVENUE: HOTEL ACCESS - VEHICLES AND PEDESTRIANS

Haddon Hall Hotel, Miami Beach

WASHINGTON AVENUE: HOTEL ACCESS - SERVICE CIRCULATION

Haddon Hall Hotel, Miami Beach

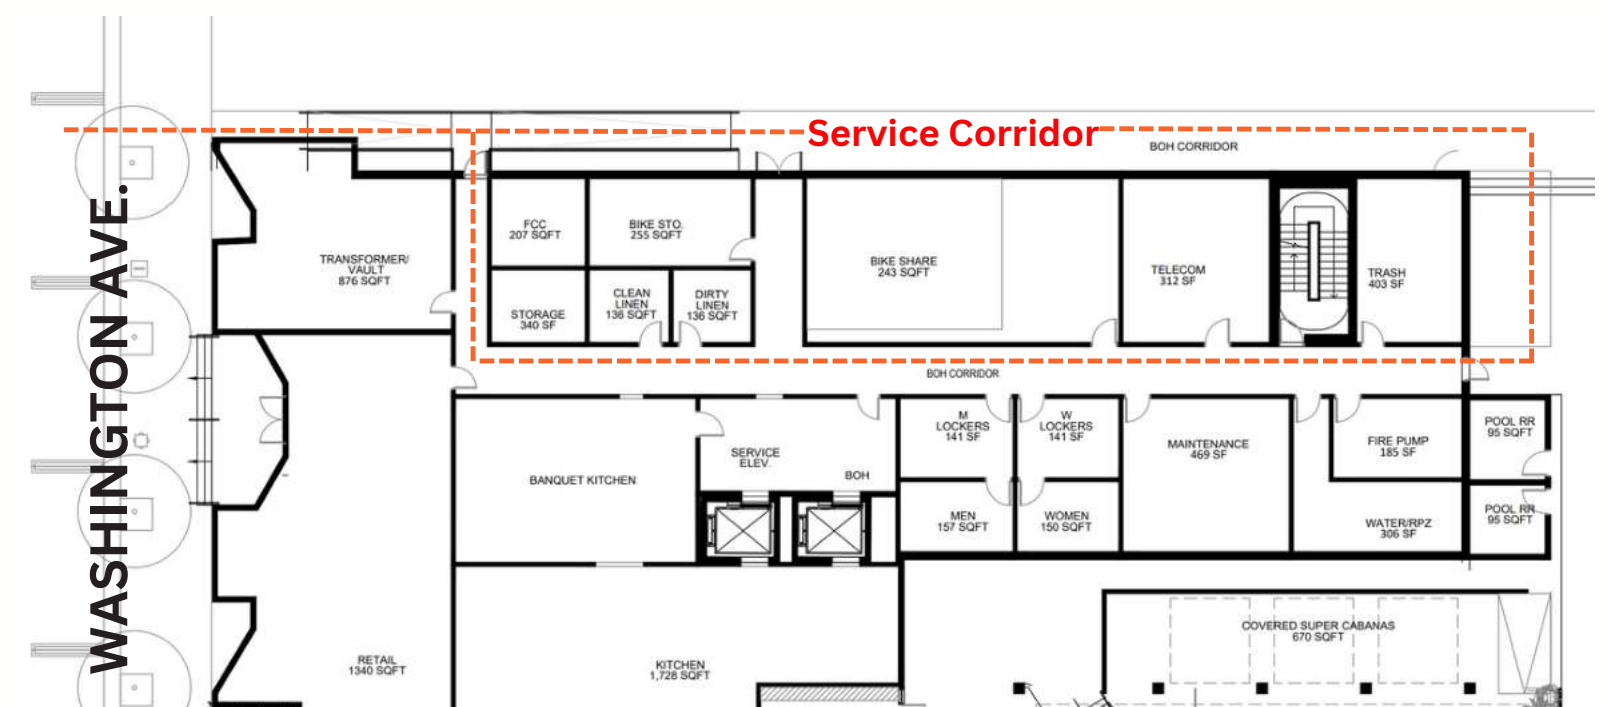

IN AN EFFORT TO ENSURE MINIMAL IMPACT ON LOCAL RESIDENTS, HOTEL GUESTS AND STREET TRAFFIC, THE FOLLOWING PROCEDURES WILL TAKE PLACE:

DELIVERIES:

- The Project has been designed to accommodate large and small scale deliveries.
- Small and Large deliveries will be accommodated in a designated loading area on Collins Avenue main entrance.
- No deliveries will take place earlier than 6AM.

REFUSE & RECYCLING

- Refuse and Recycling will be no earlier than 8AM.
- Allocated trash disposal and collection areas. Collection accessible via the northern service corridor from Washington Avenue (see diagram)

PURSUANT TO THE POLICIES OF THE HOTEL, ALL SECURITY WILL BE ADMINISTERED BY HOTEL MANAGEMENT AND THE FOLLOWING MEASURES WILL BE IMPLEMENTED:

1. Security will be present 24-hours a day.
 2. Security cameras will be located at the major entrance and exit points of the property.
 3. Security cameras will be installed to monitor all points of sale.
 4. Security cameras will be installed in elevators to monitor guest flow.
 5. Extra security will be scheduled on high occupancy days.
 6. Security to be assigned to pool deck as required.
- 

- Loudspeakers for audio playback shall use 6” bass drivers or smaller, be mounted as low as possible, and distributed, keeping individual sound levels low. Subwoofers will not be used on the Pool Deck or Roof Lounge.
- A digital tamper-resistant sound level input limiter will be installed and configured after on-site sound level calibration to ensure that the calibrated level is never exceeded. This limiter and output gain settings will only be accessible by corporate management and will have no local operational access.
- Sound will be directed away from the neighbors to the south. The sound level in the outdoor areas will kept sufficiently low to not disturb the peace of these buildings. (see table i)
- The ambient, environmental background sound level is approximately 60 dBA. The audio playback systems will not impact this level.
- No sound will impact the environment or other establishments

Table i – Suggested Sound Level Maximum Level Limitation
