

MIAMI BEACH

PLANNING DEPARTMENT

Staff Report & Recommendation

Planning Board

DATE: April 7, 2026

TO: Chairperson and Members
Planning Board

FROM: Thomas R. Mooney, AICP
Planning Director

SUBJECT: PB24-0731, **Lincoln Road West Residential Use Incentives – LDR Amendment.**

PB25-0737, **Lincoln Road West Residential Use Incentives – Comprehensive Plan Amendment.**

RECOMMENDATION

Transmit the proposed ordinances amending the Land Development Regulations of the City Code (LDRs) and Comprehensive Plan to the City Commission with a favorable recommendation.

BACKGROUND

On June 26, 2024, at the request of Commissioner David Suarez, the City Commission referred a proposal to create residential use incentives on Lincoln Road (C4 AB) to the Land Use and Sustainability Committee (LUSC) and the Planning Board. On September 5, 2024, the LUSC took the following action:

1. Discussed and continued the item to a future LUSC meeting.
2. A special meeting of the LUSC was scheduled for September 24, 2024, to discuss all related legislation involving FAR incentives for non-transient residential uses.
3. Direction was given to amend the applicable FAR incentive ordinances to include a provision for a 6/7 vote to reverse required covenants pertaining to non-transient residential uses.

The September 24, 2024, LUSC meeting was postponed and moved to a special meeting of the LUSC on November 5, 2024. On November 5, 2024, the LUSC discussed the item, and recommended that the Planning Board approve the proposed ordinances, including the removal of the maximum unit size requirement. The LUSC also made the following recommendations to the Planning Board:

1. The Planning Board discuss and provide a recommendation regarding the potential of including a lesser as of right FAR and the remainder of the allowable FAR to be purchased by private property owners as part of a Transfer of Development Rights (TDR) program.
2. Discuss and provide a recommendation regarding the potential inclusion of an attainable housing requirement for a certain percentage of the increased floor area.

On March 4, 2025, the Planning Board reviewed the proposed ordinances and continued each to the

May 6, 2025 meeting. On May 6, 2025, the Planning Board continued the proposed ordinances to the December 9, 2025 meeting. On December 9, 2025, the Planning Board continued the proposed ordinances to the February 3, 2026 meeting, at the request of the sponsor.

On February 3, 2026 the ordinances were continued to March 10, 2026 Planning Board meeting, at the request of the sponsor, in order for the boundaries of the non-transient residential incentive area to be expanded. This expansion of the boundaries required a new public notice and preliminary review.

On March 10, 2026 the Planning Board reviewed the proposed ordinances and continued each to the April 7, 2026 meeting. On March 24, 2026, a public workshop was held after the first review of the Planning Board and additional input was received from the participants.

PLANNING BOARD AND CITY COMMISSION REVIEW REQUIREMENTS

The application submitted herein is in accordance with Section 7.1.10.2(a) of the LDRs, which requires the following 3-step process, prior to the review by the City Commission:

a. Step One – Planning Board Preliminary Review.

The Planning Board, at a duly noticed public hearing, shall perform an initial review of the proposed ordinance. Notice of the Planning Board preliminary review hearing shall be given in accordance with the applicable provisions in Chapter 2, Article IV of the Land Development Regulations. If the proposed ordinance involves less than ten (10) contiguous acres, the notice requirements for the preliminary Planning Board review shall also include a minimum 30-day mail notice for all properties within 375 feet of the properties subject to the proposed floor area or FAR increase, and a 30-day published notice.

Prior to the Planning Board's preliminary review stage, the Administration, either internally or with the assistance of an outside consultant, will perform an impact analysis of the proposed FAR increase; and such impact analysis shall include, but not be limited to, the following:

1. Calculation of the actual square footage increase for affected properties such as, for example, the maximum allowable square footage for residential, office, retail, hotel or other uses resulting from the FAR increase.
2. An infrastructure analysis regarding potential impacts on traffic/mobility, parking, water, sewer, resiliency, parks and open space, as well as any other area of concern identified by the City Commission or the Administration.
3. Massing studies, which illustrate the volume and location of the area associated with the proposed increase in FAR.

For private applications, the applicant shall be required to provide all data and exhibits related to the above noted impact analysis as part of the application submission. The findings of this impact analysis shall be presented to the Planning Board at the preliminary review stage.

b. Step Two – Community Outreach Meeting:

Subsequent to the Planning Board's preliminary review meeting, the City shall facilitate a public meeting for all affected stakeholders, in order to solicit additional input and feedback, as well as for City staff to address any outstanding issues or questions. A reasonable effort shall be made to ensure that such public meeting is held no later than 45 days from the date of the preliminary review by the Planning Board. Courtesy notice of the meeting shall be given by the applicable

City department, in coordination with the Planning Department, in a manner consistent with the City's courtesy notices for other community meetings, workshops, or presentations.

c. Step Three – Planning Board Transmittal:

At a second duly noticed public hearing, which is separate and apart from the preliminary review hearing, the Planning Board shall consider and transmit the proposed ordinance to the City Commission with a recommendation. Notice of this transmittal hearing shall be given in accordance with the applicable provisions in Chapter 2, Article IV of the Land Development Regulations.

After transmittal to the City Commission, the review requires a similar 3-step process:

a. Step One – First Reading Public Hearing:

After transmittal of the ordinance by the planning board, the City Commission shall hold a first reading public hearing. Notice of the first reading shall be given in accordance with the applicable provisions in Chapter 2, Article IV of the Land Development Regulations. If the proposed ordinance involves less than ten (10) contiguous acres, the notice requirements for first reading shall also include a minimum 30-day mail notice for all properties within 375 feet of the properties subject to the proposed floor area or FAR increase, and a 30-day published notice.

b. Step Two – Community Workshop:

Subsequent to the approval of the ordinance at first reading, and prior to second reading, at least one additional community workshop, which is separate and apart from the first reading public hearing, shall be held. This additional community workshop shall be considered a courtesy meeting, and open to participation by all affected stakeholders, including residents, property owners, or businesses in the surrounding area that may be affected by the proposed floor area or FAR increase, as determined by the City Commission. Such community workshops may be held in a virtual, in-person or hybrid formats, at the discretion of the City Commission, and shall be noticed in a manner to be determined by the City Commission.

c. Step Three – Second Reading / Adoption Public Hearing:

After the community workshop described above, the City Commission shall hold a second reading public hearing to consider final adoption of the proposed ordinance. Notice of the second reading shall be given in accordance with the applicable provisions in Chapter 2, Article IV of the Land Development Regulations.

REVIEW CRITERIA

Pursuant to Section 2.4.2 of the Resiliency Code, in reviewing a request for an amendment to these land development regulations (LDRs), the board shall consider the following when applicable:

1. Whether the proposed change is consistent and compatible with the comprehensive plan and any applicable neighborhood or redevelopment plans.

Consistent

The proposed LDR amendment is consistent with the goals, objectives, and policies of the Comprehensive Plan, as proposed to be amended.

2. Whether the proposed change would create an isolated district unrelated to adjacent or nearby districts.

Consistent

The proposed amendment does not create an isolated district.

3. Whether the change suggested is out of scale with the needs of the neighborhood or the city.
Consistent
The proposed ordinance amendment does allow for an increase in the scale of development for residential uses. The benefits to the neighborhood would outweigh the potential modest impacts of the additional height and intensity.
4. Whether the proposed change would tax the existing load on public facilities and infrastructure.
Partially Consistent
The proposed amendment could result in development that increases the load on public facilities and infrastructure due to the proposed change in floor area ratio (FAR). It is expected that the ordinance would result in a reduction in traffic as more people would be able to live and work in the City, as opposed to commuting.
5. Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.
Satisfied
The boundaries of the overlay district are not illogically drawn.
6. Whether changed or changing conditions make the passage of the proposed change necessary.
Consistent
The loss of permanent residents and the desire to incentivize residential development makes passage of the proposed change necessary.
7. Whether the proposed change will adversely influence living conditions in the neighborhood.
Consistent
The proposed ordinance amendment should not adversely affect living conditions in the neighborhood.
8. Whether the proposed change will create or excessively increase traffic congestion beyond the levels of service as set forth in the comprehensive plan or otherwise affect public safety.
Partially Consistent
The proposed change could allow for development that generates additional traffic from what is currently permitted, as the FAR is being increased. However, given that the City has seen a major increase in traffic due to workers commuting to job centers within the City from suburbs in single occupancy vehicles, the amendment has the potential to reduce traffic by allowing more residents to live in close proximity to their place of employment, as well as utilize alternative modes of transportation.
9. Whether the proposed change will seriously reduce light and air to adjacent areas.
Partially Consistent
The proposed change should not reduce light and air to adjacent areas.
10. Whether the proposed change will adversely affect property values in the adjacent area.
Consistent
The proposed change should not adversely affect property values in the adjacent areas.
11. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accordance with existing regulations.
Consistent

The proposed change will not be a deterrent to the improvement or development of adjacent properties.

12. Whether there are substantial reasons why the property cannot be used in accordance with existing zoning.

Partially Consistent

While the property can be used in accordance with existing zoning, the proposed amendments will incentivize more residential units.

13. Whether it is impossible to find other adequate sites in the city for the proposed use in a district already permitting such use.

Not Applicable

COMPLIANCE WITH SEA LEVEL RISE AND RESILIENCY REVIEW CRITERIA

Section 7.1.2.4 of the LDRs establishes the following review criteria when considering ordinances, adopting resolutions, or making recommendations:

1. Whether the proposal affects an area that is vulnerable to the impacts of sea level rise, pursuant to adopted projections.

Consistent

The proposal does affect areas that are vulnerable to the impacts of sea level rise in the long term.

2. Whether the proposal will increase the resiliency of the City with respect to sea level rise.

Consistent

The proposal will increase the resiliency of the City with respect to sea level rise with new development that will comply with the City's resiliency requirements.

3. Whether the proposal is compatible with the City's sea level rise mitigation and resiliency efforts.

Consistent

The proposal is compatible with the City's sea level rise mitigation and resiliency efforts.

ANALYSIS

The proposed amendments to the LDRs and the Comprehensive Plan create tangible incentives for non-transient residential uses for properties between Lincoln Lane South and the south side of 17th Street, from West Avenue to Drexel Avenue. All such incentives would be predicated on the following:

- All existing transient uses shall be fully vacated and prohibited (with the exception of Area 1b).
- Only non-transient residential units would be permitted above the first floor.
- A minimum micro-mobility component within the interior of the structure, accessible by all residential units.

Note: The previous requirement for a maximum unit size of 1,200 square feet was removed as part of the November 5, 2024 LUSC discussion.

The following is a summary of the draft incentives proposed for each of the four (4) areas identified:

Map of the four (4) areas subject to proposed draft incentives

Area 1a – 17th Street Properties located between 17th Street and Lincoln Lane North, from Lenox Court to Meridian Court:

1. The maximum FAR may be increased from 2.25 to 3.0 for lots less than 45,000 square feet and from 2.75 to 3.5 for lots greater than 45,000 square feet.
2. The maximum building height may be increased up to 150 feet for all lots. Currently, lots fronting 17th Street have a maximum building height of 80 feet and all other lots have a maximum height of 75 feet. The increased height would be subject to the following:
 - Off-street parking shall be prohibited.
 - The micro-mobility station shall constitute not less than 50% of the ground floor area of the structure.
 - The project shall exceed minimum micro-mobility requirements, as well as participate in a public micro-mobility network.

Area 1b – Alton Road Properties located between 17th Street and Lincoln Road/Lincoln Lane North, from West Avenue to Alton Road/Lenox Court:

1. The maximum FAR may be increased from 2.0 to 3.0 for lots less than 45,000 square feet and from 2.0 to 3.5 for lots greater than 45,000 square feet.
2. The maximum building height may be increased from 65 feet to 150 feet, subject to the following:
 - Off-street parking spaces, if provided, shall not exceed 20% of the number of off-street parking spaces required under parking tier 1.
 - The micro-mobility station shall constitute not less than 40% of the ground floor area of the structure.
 - The property shall be part of a micro mobility network which is accessible to the general

public. At a minimum, this shall include a public sharing program for no less than 20 micro-mobility devices located within the confines of the property.

3. Existing short-term rental uses within Area 1b may remain; only portions of a property slated for new construction shall be required to vacate any and all existing approvals for the short-term rental of any apartment units.

Area 2 – Lincoln Road North Properties with a lot line on the north side of Lincoln Road, from Alton Road to Drexel Avenue:

1. The maximum FAR may be increased from 2.5 to 3.0.
2. The maximum building height may be increased from 50 feet to 100 feet, subject to the following:
 - Off-street parking shall be prohibited.
 - The micro-mobility station shall be located within the structure.
 - The project shall participate in a public micro-mobility network.
 - Portions of new construction including additions to existing buildings, located above 50 feet in height, shall be setback a minimum of 50 feet from Lincoln Road and 25 feet from any adjacent side street. [Note: A provision for an HPB waiver of the setback requirements has been included]
3. Multistory rooftop additions above a contributing building may be permitted at the discretion of the Historic Preservation Board. The following is a summary of the key provisions associated with the proposed incentives:

Area 3 – Lincoln Road South Properties with a lot line on the south side of Lincoln Road, from Alton Road to Drexel Avenue:

1. The maximum FAR may be increased from 2.5 to 2.75.
2. The maximum building height may be increased from 50 feet to 75 feet, subject to the following:
 - Off-street parking shall be prohibited.
 - The micro-mobility station shall be located within the structure.
 - The project shall participate in a public micro-mobility network.
 - Portions of new construction including additions to existing buildings, located above 50 feet in height, shall be setback a minimum of 50 feet from Lincoln Road, 20 feet from Lincoln Lane South and 25 feet from any adjacent side street. [Note: A provision for an HPB waiver of the setback requirements has been included.]
3. Multistory rooftop additions may be permitted above a contributing building at the discretion of the Historic Preservation Board.

Additionally, the following would apply to all eligible developments located in Areas 1a, 1b, 2 & 3 above:

- Parking Tiers 1, 2, & 3a would be amended to eliminate the minimum off-street parking requirement for non-transient, residential projects.
- The interior portions of a project dedicated to micro-mobility shall be exempt from the definition of floor area.
- Required mobility fees may be waived for projects that have obtained a full building permit by September 1, 2032.
- A provision for a 6/7 vote to reverse required covenants pertaining to non-transient residential uses.

To address the potential scale and height issues associated with taller structures, particularly as it may be perceived from Lincoln Road, the ordinance includes minimum setbacks from Lincoln Road and from side streets for any portion of a building above 50 feet in height. This would ensure that any future addition to a building above 50 feet in height would not overwhelm the Lincoln Road streetscape. To account for unique circumstances where reduced setbacks may be appropriate, a provision allowing the Historic Preservation Board or the Design Review Board, as applicable, to waive up to 50% of the required setback from Lincoln Road has been included.

The ordinance would also allow for multistory rooftop additions to be constructed above a contributing building. Currently, a rooftop addition to a contributing building, whether attached or detached, is limited to one story. This proposal would allow for multiple levels to be over an existing contributing building without the requirement that the building be demolished and reconstructed as a ground up addition, encouraging the retention and restoration of contributing buildings.

Finally, the ordinance removes the current height incentives for hotel projects on Lincoln Road between Pennsylvania Avenue and Lenox Avenue, as well as the FAR incentive for hotels on lots less than 45,000 square feet, located west of Drexel Avenue in the Architectural District.

INFRASTRUCTURE IMPACTS

Per section 7.1.10.3 of the LDRs, prior to the Planning Board Preliminary Review, the Administration will perform an impact analysis of the proposed FAR increase that shall include but not be limited to, the following:

1. Calculation of the actual square footage increase for affected properties such as, for example, the maximum allowable square footage for residential, office, retail, hotel or other uses resulting from the FAR increase.
2. An infrastructure analysis regarding potential impacts on traffic/mobility, parking, water, sewer, resiliency, parks and open space, as well as any other area of concern identified by the City Commission or the Administration.
3. Massing studies, which illustrate the volume and location of the area associated with the proposed increase in FAR.

The proposed FAR increases are intended to incentivize the replacement of transient uses as well as the development of new residential units to serve permanent residents along Lincoln Road, west of

Drexel Avenue and east of West Avenue. The proposed amendment also increases the maximum residential density, from 150 units per acre to 175 units per acre in areas 1a, 2 & 3 and from 100 units per acre to 150 unit per acre in area 1b. The analysis is based on not being able to achieve the maximum density given the current FAR limits. The analysis assumes that 0.5 of the allowable FAR will be for ground floor commercial uses, that 15% of the FAR is for back of house uses, and that the number of units is maximized with the remaining FAR up to the allowable density.

Given that this amendment is not being proposed because of specific development proposals, it is difficult to predict the exact impacts of the FAR increase. For the purposes of this analysis, the difference in the maximum number of units that could be achieved for the affected area was compared to the maximum number of units that can be achieved if the proposed amendment is adopted. The impacts to infrastructure due to the potential increase was then quantified with the assumption that there are 2.5 people per residential unit. The attached Concurrency Analysis provides detailed information for each of the affected areas and is summarized hereto:

Summary of Impacts:

- Potential increase of 1,035 residential units;
- Potential population increase of 2,643 people;
- Potential increase of 665 peak hour vehicle trips;
- Potential increase of 412,230 gallons of potable water consumption per day;
- Potential increase of 369,950 gallons of sanitary sewer transmission per day; and
- Potential increase of 3,370 tons of solid waste collection per year.

The traffic impacts are analyzed utilizing data and assumptions from the Florida Department of Transportation (FDOT) Traffic Information tool. While an increase in peak hour vehicle trips is expected, the level of service should not be severely impacted. These impacts could potentially be offset by providing housing for the City's workforce, minimizing the need for long distance commuting and encouraging alternative modes of transportation.

Additionally, the standard Institute of Traffic Engineers (ITE) rate was used for the analysis, including reductions of 15% for transit use and 10% for mixed-use projects. However, there are no current rate reductions or rate ratios identified by ITE for residential projects that provide reduced off-street parking on site, or no off-street parking. Since these incentives are intended for users that either do not have a vehicle or can store their vehicle remotely and use micromobility for daily commutes, the Administration is researching additional trip reduction formulas that take into consideration reduced off-street parking.

Finally, projects will be required to pay mobility fees, if applicable, which can be used to make improvements to the transportation network.

With regard to parks levels of service, there is a deficiency in *basketball courts* and *tennis/pickleball courts*. As more units are built, there would potentially be a deficiency in *activity buildings for multiple uses*. As a result of these deficiencies, each development will be required to pay a proportionate fair-share mitigation fee to assist the City in providing these facilities, if they are not built prior. Alternatively, a developer could provide the necessary facilities. The level of service for recreation and open space acreage would continue to be met.

With regard to potable water consumption, on January 20, 2022, the City Commission adopted the City of Miami Beach 10-year Water Supply Facilities Work Plan and related amendments to the Comprehensive Plan. This plan was created with coordination with the South Florida Water

Management District and Miami-Dade County Water and Sewer Department. The plan projects that water will be available for projected population increases. The population increases projected in the plan and water demand projections are below:

Table 3: Population Projections

	2015	2016	2020	2025	2030	2035	2040
Total	92,472	93,490	97,563	102,654	107,745	112,836	117,927

Source: 2015 TAZ Population Projections Update, County draft 2020 WSP

Table 4: City Water Demand Projections

	2020	2025	2030	2035	2040	2045
Projected Population – Total residential + transient	196,486	211,913	224,180	236,636	249,294	262,172
Populations Equivalents Served	158,885	171,760	181,474	191,377	201,483	211,809
Water Demand (MGD) - Total (Annual Average Demand)	24.7	26.7	28.2	29.8	31.4	33.0

Source: CMB 2019 Water Master Plan

Per the most recent US Census, the City’s population is below the projections utilized for the water supply plan. Therefore, it can be estimated that there is sufficient water supply to accommodate the potential increase in residents that may be generated from the proposed amendment.

Regarding the impacts to potable water and sanitary sewer transmission infrastructure, it is likely that upgrades will be needed in proximity to future development sites. The specific upgrades are determined on a case-by-case basis as new developments are proposed due to the significant amount development details that are required to make these determinations. The Public Works Department is currently studying the water and sewer systems throughout the City.

Regarding solid waste collection, as the proposal would result in new multifamily developments, the solid waste collection would be handled by private providers. It would be the responsibility of each development to coordinate with the private provider and to ensure that the project’s needs are met.

MASSING STUDIES

In accordance with Section 7.1.10.3(a)(3) of the Land Development Regulations, massing studies, prepared by the Planning Department, are attached. These studies include views along Lincoln Road on both the north and south sides showing potential development at a maximum height of 100 feet and 75 feet and 100 feet, as well as FAR options up to 3.0 and 2.75, respectively. The following properties were used for this study:

- 825 Lincoln Road (north side)
- 730-734 Lincoln Road (south side)

NOTE: No development projects have been submitted for these sites, and they were used solely to illustrate the potential impact of the increase in building height and intensity, as proposed in the draft ordinances.

COMPREHENSIVE PLAN AMENDMENT AND REVIEW PROCESS

The proposal requires an amendment to the Comprehensive Plan for the proposed increases in intensity and density. Under Section 163.3184(2), Florida Statutes, this amendment shall follow the expedited state review process for adoption of comprehensive plan amendments.

This process requires a public hearing by the local planning agency (Planning Board), a public transmittal hearing before the City Commission, after which the amendment must be transmitted to several state agencies for a 30-day review period, and a final adoption public hearing before the City Commission. The amendment is effective 31 days after it is adopted if there are no appeals.

PUBLIC OUTREACH SUMMARY

Following the Planning Board’s preliminary review on March 10, 2026, a public meeting was held on March 24, 2026 via Zoom, to solicit additional input and feedback. The following is a link to the meeting: <https://www.youtube.com/watch?v=0hNmpJJmT9U>.

The meeting was well attended, and twelve (12) speakers provided comments and questions regarding the proposal. The following is a general summary of the comments, questions and feedback received:

General Support for the Revitalization of the Lincoln Road Area including Residential Incentives

Several speakers voiced strong support for efforts to revive Lincoln Road, encourage more residential development, and adopt forward-thinking urban design. Many described current conditions as degraded and saw the proposal as an important reset.

Parking Loss and Transportation Concerns

Residents highlighted the ongoing loss of on-street parking within the West Avenue Neighborhood, public transit options, and the challenge for workers who cannot rely on micromobility in extreme heat or rain. Others, however, supported reducing parking to make units more affordable and prepare for a more transit and micromobility-oriented future.

Micromobility Requirements

Speakers questioned whether the micromobility area requirement would result in inactive ground floor spaces. Staff clarified that the required area can be distributed throughout the building rather than placed entirely on the ground floor. Some residents supported expanded micromobility access; others doubted it could replace cars in Miami Beach’s current climate and infrastructure.

Historic Preservation and Setbacks

Questions were raised about whether existing contributing buildings on Lincoln Road must be preserved. Staff clarified that there is no mandated retention percentage and that projects will be reviewed case-by-case by the Historic Preservation Board. Any height above 50 feet would require setbacks to maintain the low-scale character at street level.

Affordability

Speakers challenged whether projected rents for the proposed project within Area 1b were realistically affordable for the current Miami Beach workforce. A developer responded that their proposed project is intended as “missing-middle” housing aligned with local employer needs. Some residents questioned whether such units would instead attract higher-income residents from out-of-state.

Safeguards Against North Beach Outcomes

A resident expressed concern that this proposal could replicate North Beach Town Center, where development incentives produced short-term rentals instead of permanent residents. Staff emphasized new safeguards: a required recorded covenant permanently prohibiting transient uses, and a required supermajority vote of the City Commission to reverse.

Development Scale and Neighborhood Fit

There were concerns about proposed heights (e.g., 15 stories in Area 1b) being out of character with nearby lower scale buildings, affecting sunlight and neighborhood quality. Others argued the additional height is necessary to meet housing goals.

UPDATE/SUMMARY

Since the Community Workshop on March 24, 2026, staff has clarified the micromobility requirements in the proposed ordinance do not have to be provided entirely at the ground level and can be distributed throughout all levels of the project. Staff is supportive of the proposed amendments to the LDRs and Comprehensive Plan, which serve to incentivize the development of non-transient residential housing within this commercial area of the City.

STAFF RECOMMENDATION

Staff recommends that the Planning Board review the proposed ordinances amending the LDRs and Comprehensive Plan and transmit them to the City Commission with favorable recommendations.

Lincoln Road West Residential Use Incentive Area – Concurrency Analysis

PLANNING DEPARTMENT

Comprehensive Plan and Zoning Amendment Concurrency Analysis

Date Prepared: 10/2/2024
 Name of Project: Lincoln Road West Residential Use Incentives
 Address of Site: Lincoln Road between Alton Road & Drexel Avenue

Concurrency Management Area: South Beach
 Square Feet in the Amendment: 1,132,892
 Acreage in the Amendment: 26.01

Proposed FLUM Designation

Designation:

CD-3 with Residential Incentives

Maximum Density	Maximum FAR
150	2.75/3.0/3.5

	Residential (Units)	Hotel (Rooms)	Retail (SF)	Office (SF)	Industrial (SF)	Proposed Total
Residential (Units)	3,851					
Peak Hour Trips Generated*	3,004	N/A	N/A	N/A	N/A	3,004
Residential Demand	9,628	0				9,628

*Peak Hour Trips Calculated with ITE 9th Edition Trip Generation Manual Weekday PM Peak Hour factors

Note: See "Lincoln Road East Residential Use Incentive Area Property Calculations" table for assumptions

Existing FLUM Designation

Designation:

CD-3

Maximum Density	Maximum FAR
150	2.25/2.75

	Residential (Units)	Hotel (Rooms)	Retail (SF)	Office (SF)	Industrial (SF)	Existing Total
Residential (Units)	3,032					
Peak Hour Trips Generated*	2,365	N/A	N/A	N/A	N/A	2,365
Residential Demand	7,580	0				7,580

*Peak Hour Trips Calculated with ITE 9th Edition Trip Generation Manual Weekday PM Peak Hour factors

Transportation Analysis

New Trips Generated	Trip Allowances	Transit	15%	Capacity:	6,250 Trips
639 Trips		Pass-by		Existing Trips:	4,221 Trips
		Mixed-use	10%	Net New Trips Generated:	479 Trips
The City is a Transportation Concurrency Exception Area		Total	25%	Concurrent:	YES

Parks and Recreation Concurrency

Net New Residential Demand: 2,048 People

Parks Facility Type	Concurrent
Recreation and Open Space Acreage	YES
Swimming Pool	YES
Golf Course	YES
Basketball Court	NO
Tennis or Pickleball Court	NO
Multiple-Use Facility (park, picnic, sports)	YES
Designated Field Area (baseball, softball, soccer, etc.)	YES
Tot Lots or Playground	YES
Vita course	YES
Boat Ramp	YES
Outdoor Amphitheater	YES
Activity Building for Multiple Uses	NO

Required Mitigation to be determined at Building Permit Application

Potable Water Transmission Capacity

Proposed Max Demand:	1,501,890 Gallons Per Day
Existing Max Demand:	1,182,480 Gallons Per Day
New Max Demand:	319,410 Gallons

Concurrency to be determined at Building Permit Application

Sanitary Sewer Transmission Capacity

Proposed Max Demand:	1,347,850 Gallons Per Day
Existing Max Demand:	1,061,200 Gallons Per Day
New Max Demand:	286,650 Gallons

Concurrency to be determined at Building Permit Application

Solid Waste Collection Capacity

Proposed Max Demand:	12,275 Tons Per Year
Existing Max Demand:	9,665 Tons Per Year
New Max Demand:	2,611 Tons Per Year

Concurrency to be determined at Building Permit Application

Storm Sewer capacity

Required LOS: One-in-five-year storm event
 Concurrency to be determined at Building Permit Application

Note:

This represents a comparative analysis of concurrency with maximum development potential of the site between the existing and proposed Future Land Use designations. Actual concurrency demands, required mitigation, and required capacity reservation will be determined at the time of Building Permit Application.

Lincoln Road West Residential Use Incentives – LDR Amendments

ORDINANCE NO. _____

AN ORDINANCE OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AMENDING THE MIAMI BEACH RESILIENCY CODE, BY AMENDING CHAPTER 5, ENTITLED “OFF-STREET PARKING,” ARTICLE II, ENTITLED “VEHICLE PARKING, BICYCLE PARKING AND OFF-STREET LOADING REQUIREMENTS,” AT SECTION 5.2.4, ENTITLED “VEHICLE OFF-STREET PARKING REQUIREMENTS,” BY AMENDING THE PARKING REQUIREMENTS IN PARKING TIER 1, BY AMENDING THE PARKING REQUIREMENTS IN PARKING TIER 2 AND BY AMENDING THE PARKING REQUIREMENTS IN PARKING TIER 3; BY AMENDING CHAPTER 7, ENTITLED “ZONING DISTRICT REGULATIONS,” ARTICLE I, ENTITLED “GENERAL TO ALL ZONING DISTRICTS,” BY AMENDING SECTION 7.1.11, ENTITLED “RESIDENTIAL USE INCENTIVES,” TO ESTABLISH RESIDENTIAL USE INCENTIVES SPECIFIC TO PROPERTIES FROM THE EAST SIDE OF WEST AVENUE TO THE WEST SIDE OF DREXEL AVENUE AND LOCATED BETWEEN THE SOUTH SIDE OF 17TH STREET AND THE NORTH SIDE OF LINCOLN LANE SOUTH; BY AMENDING ARTICLE II, ENTITLED “DISTRICT REGULATIONS,” SECTION 7.2.12 ENTITLED “CD-3 COMMERCIAL, HIGH INTENSITY DISTRICT,” TO MODIFY SECTION 7.2.12.3, ENTITLED, “DEVELOPMENT REGULATIONS (CD-3),” TO MODIFY AND CLARIFY DEVELOPMENT REGULATIONS PERTAINING TO HOTEL USES AND TO DELETE SECTION 7.2.12.4, ENTITLED “ADDITIONAL REGULATIONS (CD-3)”;

BY AMENDING ARTICLE V, ENTITLED “SUPPLEMENTARY DISTRICT REGULATIONS,” BY AMENDING SECTION 7.5.2.1 ENTITLED “HEIGHT REGULATION EXCEPTIONS AND ROOFTOP ADDITIONS,” TO ALLOW FOR MULTI-STORY ROOFTOP ADDITIONS FOR PROJECTS THAT QUALIFY FOR THE LINCOLN ROAD RESIDENTIAL USE INCENTIVES; AND PROVIDING FOR CODIFICATION, REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, the proliferation of transient uses may exacerbate housing affordability issues by reducing the availability of traditional rental housing options for families and individuals, as well as the city’s workforce; and

WHEREAS, creating incentives for non-transient residential uses along the Lincoln Road corridor would enable the implementation of more equitable and comprehensive housing policies that prioritize the well-being and stability of all residents; and

WHEREAS, the amendments set forth below are necessary to accomplish all of the above objectives.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA.

SECTION 1. Chapter 5, entitled “Off Street Parking,” Article II, entitled “Vehicle Parking, Bicycle Parking and Off-Street Loading Requirements,” is hereby amended as follows:

**CHAPTER 5
OFF STREET PARKING**

* * *

ARTICLE II. VEHICLE PARKING, BICYCLE PARKING AND OFF-STREET LOADING REQUIREMENTS

* * *

5.2.4 VEHICLE OFF-STREET PARKING REQUIREMENTS

* * *

5.2.4.1 Parking Tier 1

* * *

b. Supplemental off-street parking requirements for parking tier 1

1. Supplemental off-street parking requirements specific to districts

<u>Non-Transient residential units built in accordance with Section 7.1.11</u>		<u>No parking requirement</u>
--	--	-------------------------------

* * *

5.2.4.2 Parking Tier 2

Except as otherwise provided in these land development regulations, when any building or structure is erected or altered in parking Tier 2 accessory off-street parking spaces shall be provided for the building, structure or additional floor area as follows. For uses not listed below, the off-street parking requirement shall be the same as for parking tier 1.

* * *

Tier 2b

b. Off-street parking requirements for Tier 2 area b.

* * *

2. The following parking requirements apply to properties located within Tier 2 area b.

Key: *See supplemental off-street parking regulations in section 5.2.4.2.b.2. below

USE		OFF-STREET PARKING REQUIREMENT
RESIDENTIAL		
Apartment building and	On lots that are 65 feet in	There shall be no parking requirement, provided the apartment building or apartment-hotel site secures off-site storage for alternative transportation such as scooters, bicycles, and motorcycles.

apartment-hotel	width or less	
	On lots wider than 65 feet	One space per unit for units between 550 and 1,600 square feet; Two spaces per unit for units above 1,600 square feet.
	Designated guest parking	Developments of 20 units or less shall have no designated guest parking requirements. Multifamily buildings and suites-hotels with more than 20 units shall be required to provide supplemental designated guest parking equal to ten percent of the required residential parking spaces.
	Car sharing	The minimum parking requirements listed above may be reduced by four parking spaces for every one parking space reserved for a vehicle owned and operated by an official car-share program sanctioned by the City of Miami Beach, not to exceed a total of four car-share parking spaces or 20 percent of the total number of required residential parking spaces, whichever is less.
<u>Non-Transient residential units built in accordance with Section 7.1.11</u>		<u>No parking requirement</u>

* * *

5.2.4.3 Parking Tier 3

Except as otherwise provided in these land development regulations, when any building or structure is erected or altered in parking Tier 3, accessory off-street parking spaces shall be provided for the building, structure or additional floor area as follows.

Tier 3 a, b and c

a. Off-street parking requirements for Tier 3 areas a, b and c.

SECTION 2. Chapter 7, entitled “Zoning District Regulations,” Article I, entitled “General to All Zoning Districts,” is hereby amended as follows:

**CHAPTER 7
ZONING DISTRICTS AND REGULATIONS**

ARTICLE I. GENERAL TO ALL ZONING DISTRICTS

* * *

7.1.11 RESIDENTIAL USE INCENTIVES

a. Eligible Development. These provisions are hereby adopted as voluntary zoning incentives for non-transient residential development. Where authorized in the underlying zoning district or overlay district, and in accordance with all applicable regulations set forth in such zoning district or overlay district, residential developments consisting solely of non-transient residential units and allowable accessory uses shall be eligible for applicable incentives set forth in such zoning district or overlay district, subject to the property owner’s agreement to be bound by the following conditions:

1. Lodging Use Conversion and Prohibition. In order to be eligible for the residential use incentives, the property shall be required to fully vacate any and all existing transient uses including, but not limited to, bed & breakfast inn, hostel, hotel, apartment hotel, suite hotel or rooming house. Such transient uses shall be prohibited throughout the development and at all times, in order to maintain the residential use incentives authorized for the applicable zoning district or overlay district.
2. Short Term Rental Conversion and Prohibition. In order to be eligible for the voluntary residential use incentives authorized for the applicable zoning district or overlay district, the property owner(s) shall first be required to vacate any and all existing approvals for the short-term rental of any apartment units on the property, except as provided for in section 7.1.11.e.8 of the land development regulations of the city code.
3. Covenant. As a condition of eligibility for the voluntary residential use incentives authorized for the applicable zoning district or overlay district, the property owner(s) shall first be required to execute a restrictive covenant running with the land, in a form approved by the City Attorney, affirming that throughout the building and at all times, no residential units on the property shall be leased or rented for a period of less than six months and one day, and that no transient uses including, but not limited to, bed & breakfast inn, hostel, hotel, apartment hotel, suite hotel or rooming house, shall be permitted on the property. The covenant shall expressly provide that an affirmative vote of six-sevenths of all members of the city commission shall be required in order to release the covenant or to modify the covenant in such a manner as to impose a less stringent restriction after it is executed.
4. Certificate of Appropriateness. If the property is located within a local historic district or site, as a condition of eligibility for the voluntary residential use incentives authorized for the applicable zoning district or overlay district, the property owner(s) shall be required to retain, preserve and restore all contributing structures on the site, as may be required by the historic preservation board and subject to certificate of appropriateness approval in

accordance with chapter 2, article VIII of the land development regulations of the city code.

~~b. There shall be no variances from the requirements of this section for eligible developments.~~

b. Lincoln Road North between Alton Road and Drexel Avenue. For properties with a lot line on the north side of Lincoln Road, between the east side of Alton Road and the west side of Drexel Avenue, that comply with the requirements in section 7.1.11.a above, the maximum FAR shall not exceed 3.0, regardless of lot size, subject to the following regulations:

1. All portions of the project above the first level shall consist of non-transient residential uses.
2. Multi-story rooftop additions may be permitted subject to the review and approval of the historic preservation board.
3. Portions of new construction including additions to existing buildings, located above 50 feet in height, shall be setback a minimum of 50 feet from Lincoln Road and 25 feet from any adjacent side street. Notwithstanding the foregoing, the historic preservation board may waive up to 50% of the required 50 foot setback from Lincoln Road for additions located above 50 feet in height, subject to compliance with the applicable certificate of appropriateness criteria in chapter 2, article VIII of the land development regulations of the city code.
4. The minimum unit size shall be 500 square feet.
5. The maximum density may exceed 150 units per acre, up to 175 units per acre.
6. A micro-mobility station that is accessible by all residents of the building shall be required within the interior of the structure. The micro mobility station may be accessed from Lincoln Lane North.
7. Off-street parking spaces, if provided, shall not exceed 20% of the number of off-street parking spaces required under parking tier 1.
8. Off-street parking for building staff and/or service operations shall be provided at the same ratio as required loading spaces.
9. A maximum building height of up to 100 feet may be permitted, subject to the following:
 - a. Off-street parking shall be prohibited, except parking for building staff and/or service operations may be provided at the same ratio as required loading spaces.
 - b. The property shall be part of a micro mobility network that is accessible to the general public. At a minimum, this shall include a public sharing program for no less than 20 micro-mobility devices located within the confines of the property.
10. The required mobility fee shall be waived for projects that have obtained a full building permit by September 1, 2032.
11. The FAR and height requirements in this subsection above shall only apply to projects that have obtained a full building permit or business tax receipt by September 1, 2032.
12. If there are conflicts between these regulations and those set forth within the underlying

zoning district, as well as any other section of the City Code, the provisions in Section 7.1.10 shall control.

c. Lincoln Road South between Alton Road and Drexel Avenue. For properties with a lot line on the south side of Lincoln Road, between the east side of Alton Road and the west side of Drexel Avenue, and that comply with the requirements in section 7.1.11.a above, the maximum FAR shall not exceed 2.75, regardless of lot size, subject to the following regulations:

1. All portions of the project above the first level shall consist of non-transient residential uses.
2. Multi-story rooftop additions may be permitted subject to the review and approval of the historic preservation board.
3. Portions of new construction including additions to existing buildings, located above 50 feet in height, shall be setback a minimum of 50 feet from Lincoln Road, 20 feet from Lincoln Lane South and 25 feet from any adjacent side street. Notwithstanding the foregoing, the historic preservation board may waive up to 50% of the required 50 foot setback from Lincoln Road for additions located above 50 feet in height, subject to compliance with the applicable certificate of appropriateness criteria in chapter 2, article VIII of the land development regulations of the city code.
4. The minimum unit size shall be 500 square feet.
5. The maximum density may exceed 150 units per acre, up to 175 units per acre.
6. A micro-mobility station that is accessible by all residents of the building shall be required within the interior of the structure. The micro mobility station may be accessed from Lincoln Lane South.
7. Off-street parking spaces, if provided, shall not exceed 20% of the number of off-street parking spaces required under parking tier 1.
8. Off-street parking for building staff and/or service operations shall be provided at the same ratio as required loading spaces.
9. A maximum building height of up to 75 feet may be permitted, subject to the following:
 - a. Off-street parking shall be prohibited, except parking for building staff and/or service operations may be provided at the same ratio as required loading spaces.
 - b. The property shall be part of a micro mobility network which is accessible to the general public. At a minimum, this shall include a public sharing program for no less than 20 micro-mobility devices located within the confines of the property.
10. The required mobility fee shall be waived for projects that have obtained a full building permit by September 1, 2032.
11. The FAR and height requirements in this subsection above shall only apply to projects that have obtained a full building permit or business tax receipt by September 1, 2032.
12. If there are conflicts between these regulations and those set forth within the underlying zoning district, as well as any other section of the City Code, the provisions in Section

7.1.10 shall control.

d. 17th Street between Lenox Court and Meridian Court. For properties located between 17th Street and Lincoln Lane North, from the east side of Lenox Court to the west side of Meridian Court, and that comply with the requirements in section 7.1.11.a above, the maximum FAR shall not exceed 3.0 for lots less than 45,000 square feet and 3.5 for lots greater than 45,000 square feet, subject to the following regulations:

1. All portions of the project above the first level shall consist of non-transient residential uses.
2. The minimum unit size shall be 500 square feet.
3. The maximum density may exceed 150 units per acre, up to 175 units per acre.
4. A micro-mobility station shall be required within the interior of the structure and shall be accessible by all residents of the building. The micro-mobility station shall constitute not less than 30% of the ground floor area of the structure, which may be distributed throughout all levels of the building.
5. Off-street parking spaces, if provided, shall not exceed 20% of the number of off-street parking spaces required under parking tier 1.
6. Off-street parking for building staff and/or service operations shall be provided at the same ratio as required loading spaces.
7. A maximum building height of up to 150 feet may be permitted, subject to the following:
 - a. Off-street parking shall be prohibited, except parking for building staff and/or service operations may be provided at the same ratio as required loading spaces.
 - b. The micro-mobility station shall constitute not less than 40% of the ground floor area of the structure, which may be distributed throughout all levels of the building.
 - c. The property shall be part of a micro mobility network which is accessible to the general public. At a minimum, this shall include a public sharing program for no less than 20 micro-mobility devices located within the confines of the property.
8. The required mobility fee shall be waived for projects that have obtained a full building permit by September 1, 2032.
9. The FAR and height requirements in this subsection above shall only apply to projects that have obtained a full building permit or business tax receipt by September 1, 2032.
10. If there are conflicts between these regulations and those set forth within the underlying zoning district, as well as any other section of the City Code, the provisions in Section 7.1.11 shall control.

e. Alton Road between West Avenue and Lenox Court. For properties located between 17th Street and Lincoln Road, from the east side of West Avenue to the west side of Alton Road, and for properties located between 17th Street and Lincoln Lane North, from the east side of Alton Road to the west side of Lenox Court, and that comply with the requirements in section 7.1.11.a above, the maximum FAR shall not exceed 3.0 for lots less than 45,000 square feet and 3.5 for lots greater than 45,000 square feet, subject to the following regulations:

1. All portions of the project above the first level shall consist of non-transient residential uses.
2. The minimum unit size shall be 500 square feet.
3. The maximum density may exceed 100 units per acre, up to 150 units per acre.
4. A micro-mobility station shall be required within the interior of the structure and shall be accessible by all residents of the building. The micro-mobility station shall constitute not less than 30% of the ground floor area of the structure, which may be distributed throughout all levels of the building.
5. Off-street parking spaces, if provided, shall not exceed 20% of the number of off-street parking spaces required under parking tier 1.
6. Off-street parking for building staff and/or service operations shall be provided at the same ratio as required loading spaces.
7. A maximum building height of up to 150 feet may be permitted, subject to the following:
 - a. The micro-mobility station shall constitute not less than 40% of the ground floor area of the structure, which may be distributed throughout all levels of the building.
 - b. The property shall be part of a micro mobility network which is accessible to the general public. At a minimum, this shall include a public sharing program for no less than 20 micro-mobility devices located within the confines of the property.
8. For properties located on the west side of Alton Road and the east side of West Avenue between Lincoln Road and 17th Street, only portions of the property slated for new construction shall be required to vacate any and all existing approvals for the short-term rental of any apartment units.
9. Required mobility fees shall be waived for projects that have obtained a full building permit by September 1, 2032.
10. The FAR and height requirements in this subsection above shall only apply to projects that have obtained a full building permit or business tax receipt by September 1, 2032.
11. If there are conflicts between these regulations and those set forth within the underlying zoning district, as well as any other section of the City Code, the provisions in Section 7.1.11 shall control.

f. There shall be no variances from the requirements of this section for eligible developments.

SECTION 3. Chapter 7, entitled “Zoning District Regulations,” Article II, entitled “District Regulations,” Section 7.2.12, entitled “CD-3 Commercial, High Intensity District,” is hereby amended as follows:

CHAPTER 7 ZONING DISTRICTS AND REGULATIONS

* * *

ARTICLE II: DISTRICT REGULATIONS

* * *

7.2.12 CD-3 COMMERCIAL, HIGH INTENSITY DISTRICT

* * *

7.2.12.3 Development Regulations (CD-3)

- a. The development regulations for the CD-3 commercial, high intensity district are as follows:
1. The tower setback shall not be less than the pedestal setback.
 2. Parking lots and garages: If located on the same lot as the main structure the following setbacks shall apply. If primary use the setbacks are listed in section 7.5.3.2.n.

DEVELOPMENT REGULATIONS TABLE (CD-3)	
Maximum FAR	
Lot area equal to or less than 45,000 SF	2.25
Lot area greater than 45,000 SF	2.75
Lots located between Drexel Avenue and Collins Avenue and between 16th Street and 17th Street (MAP EXHIBIT-5)	2.75
Residential and hotel development within the architectural district, <u>regardless of lot size.</u>	2.5 (8)
<u>Non-transient residential projects compliant with Section 7.1.11</u>	<u>See Section 7.1.11</u>
Maximum Density (Dwelling Units per Acre)	150 DUA (80% bonus for workforce or affordable units)

* * *

BUILDING HEIGHT	
Maximum Height (E)	75 feet (3)
Lots on the north side of Lincoln Road between Pennsylvania Avenue and Lenox Avenue, with a minimum lot area of 30,000 square feet, and which contain a contributing building and an attached addition providing a minimum of 100 hotel units, where the addition is set	75 feet (2) (3)

back at least 75 feet from the Lincoln Road property line, and has a street side setback of no less than 25 feet	
Lots within the architectural district. (MAP EXHIBIT-6)	50 feet (3)

* * *

1. Rooftop additions to contributing structures in a historic district and individually designated historic buildings may follow existing nonconforming rear and side interior, pedestal setbacks.
2. Notwithstanding the foregoing requirements for lots within the architectural district, for lots fronting on James Avenue, bounded by 17th Street to the north and Lincoln Road to the south (MAP EXHIBIT-11), the historic preservation board, in accordance with the certificate of appropriateness criteria in chapter 2, article XIII of these Land Development Regulations, shall have discretion to allow up to 75 feet in height for those properties that provide a minimum of five stories of parking, of which a minimum of 250 spaces must be unencumbered by any use at the property and provided further that a minimum setback of 75 feet shall be required from Collins and Washington Avenue for any portion of a building above 50 feet in height.
3. An additional 5 feet of height is allowed if the nonresidential first habitable level is at least 14 feet in height, as measured from DFE, to the top of the second floor slab.
4. For contributing hotel structures, located within an individual historic site, a local historic district or a national register district, which are renovated in accordance with the Secretary of the Interior Standards and Guidelines for the Rehabilitation of Historic Structures as amended, retaining the existing room configuration and sizes of at least 200 square feet shall be permitted. Additionally, the existing room configurations for the above described hotel structures may be modified to address applicable life-safety and accessibility regulations, provided the 200 square feet minimum unit size is maintained, and provided the maximum occupancy per hotel room does not exceed 4 persons.
5. The number of units may not exceed the maximum density set forth in the comprehensive plan.
6. Developments located in zoning districts that do not prohibit the short-term rental of residential apartment units shall be eligible for an exemption from the average unit size requirements established above, subject to the following conditions:
 - Density. The development shall not be permitted to exceed the maximum residential density established in the Comprehensive Plan or Land Development Regulations.
 - Minimum Unit Size. This incentive shall not be construed to permit any unit that is smaller than the minimum allowable unit size for the type of unit being proposed.
 - Covenant. In order to be eligible for this voluntary average unit size incentive, the property owner, at the owner's sole discretion, shall voluntarily execute a restrictive covenant running with the land, in a form approved by the City Attorney,

affirming that in perpetuity no residential units on the property shall be leased or rented for a period of less than six months and one day.

7. See section 7.1.5.2 for eligibility for average unit size exception.

8. Hotel development within the architectural district, on properties west of Drexel Avenue, shall have a maximum FAR of 2.5, regardless of lot size.

7.2.12.4 Additional Regulations (CD-3)

~~a. Lincoln Road hotel incentives and public benefits program.~~

~~In order for a hotel on Lincoln Road to be constructed with a minimum unit size of 200 square feet (as applicable to hotels on the north side of Lincoln Road) or a minimum average unit size of 250 square feet (as applicable to hotels on the south side of Lincoln Road), and in order to construct a hotel on Lincoln Road that is taller than 50 feet, the portion of Lincoln Lane abutting the subject property, as well as the remaining portion of Lincoln Lane from block-end to block-end, shall be fully improved subject to the review and approval of the public works department. Additionally, for a hotel to be eligible for the unit size and height incentives set forth herein, participation in a public benefits program, as further set forth below, shall be required:~~

- ~~1. *Provide ground-floor public benefit space.* On-site, ground floor space within the building in which the hotel is located shall be provided, with a minimum area of 500 square feet, for use by Miami Beach-based not-for-profit entities and/or artisans, as workshops, or for display or demonstration purposes, either of which shall be open to public view ("public benefit space"). Any required land use board approvals associated with a public benefit space approved pursuant to this paragraph shall be the responsibility of the non-profit entity or artisan, respectively.~~
- ~~2. *Contribution to Art in Public Places fund.* In addition to providing an on-site public benefit space pursuant to section 7.2.12.4.a.1, a hotel shall provide a contribution to the city's Art in Public Places fund, the amount of which shall be equal to 0.5 percent (0.5%) of the total of all construction costs associated with the proposed hotel project, regardless of the number of permits associated with the project or whether the applicant intends to construct the hotel in phases. Full payment of the contribution shall be made prior to the issuance of a certificate of occupancy.~~
- ~~3. *Final approval.* Prior to the issuance of a final certificate of occupancy for the property, a covenant executed by the property owner shall be submitted to the city, in a form approved by the city attorney and city manager, which covenant shall, at a minimum, identify the location of the public benefit space, and require a hotel owner and/or operator to maintain the public benefit space for so long as the hotel use on the subject property remains active, unless a shorter term is approved by resolution of the city commission.~~
- ~~4. *Limitation.* There shall be a limit of 500 hotel units constructed between Pennsylvania Avenue and Lenox Avenue, which utilize the unit size and/or height incentives set forth in this section 7.2.12.4.a.~~

SECTION 4. Chapter 7, entitled "Zoning District Regulations," Article V, entitled "Supplementary District Regulations," Section 7.5.2, entitled "Height Regulation Exceptions," is hereby amended

as follows:

**CHAPTER 7
ZONING DISTRICTS AND REGULATIONS**

* * *

ARTICLE V: SUPPLEMENTARY DISTRICT REGULATIONS

* * *

**7.5.2 HEIGHT REGULATIONS EXCEPTIONS (SUPPLEMENTARY DISTRICT
REGULATIONS)**

* * *

7.5.2.1 Height regulation exceptions and rooftop additions.

* * *

d. Rooftop additions.

1. ~~Lincoln Road hotel residential additions.~~ Notwithstanding the foregoing, For properties that front Lincoln Road between Alton Road and Collins Avenue and that comply with the requirements in section 7.1.11.a, and at the discretion of the historic preservation board, a multistory rooftop addition, for hotel non-transient residential uses only, may be permitted for properties on Lincoln Road, located between Pennsylvania Avenue and Lenox Avenue, in accordance with the following provisions:
 - A. ~~For properties on the north side of Lincoln Road, a~~ Any multistory rooftop addition shall be set back at least 75 feet from Lincoln Road and at least 25 feet from any adjacent side street. ~~Additionally, the multistory addition may be cantilevered over a contributing building consistent with the scale and massing of the existing structure.~~
 - B. ~~For properties located on the south side of Lincoln Road, a multistory rooftop addition shall be set back at least 65 feet from Lincoln Road~~ All contributing buildings shall be retained and restored in accordance with the Secretary of Interior's Standards for Rehabilitation, as determined by the historic preservation board.
 - C. ~~The portion of Lincoln Lane abutting the subject property, as well as the remaining portion of Lincoln Lane from block end to block end, shall be fully improved subject to the review and approval of the public works department.~~
 - D. ~~Participation in the public benefits program, pursuant to section 7.2.12.4.a, shall be required in order for a hotel project to avail itself of a multistory rooftop addition.~~
 - E. ~~There shall be a limit of 500 hotel units for hotel projects including a multistory rooftop addition that are constructed between Pennsylvania Avenue and Lenox Avenue.~~

SECTION 5. REPEALER.

All ordinances or parts of ordinances and all section and parts of sections in conflict herewith be and the same are hereby repealed.

SECTION 6. CODIFICATION.

It is the intention of the City Commission, and it is hereby ordained that the provisions of this ordinance shall become and be made part of the Code of the City of Miami Beach as amended; that the sections of this ordinance may be renumbered or relettered to accomplish such intention; and that the word "ordinance" may be changed to "section" or other appropriate word.

SECTION 7. SEVERABILITY.

If any section, subsection, clause or provision of this Ordinance is held invalid, the remainder shall not be affected by such invalidity.

SECTION 8. EFFECTIVE DATE.

This Ordinance shall take effect ten days following adoption.

PASSED AND ADOPTED this _____ day of _____, 2026

Lincoln Road West Residential Use Incentives – Comprehensive Plan Amendment

ORDINANCE NO. _____

AN ORDINANCE OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AMENDING THE CITY OF MIAMI BEACH YEAR 2040 COMPREHENSIVE PLAN, PURSUANT TO THE EXPEDITED STATE REVIEW PROCESS OF SECTION 163.3184(3), FLORIDA STATUTES, BY AMENDING THE “RESILIENT LAND USE & DEVELOPMENT ELEMENT,” GOAL RLU 1, ENTITLED “LAND USE,” OBJECTIVE RLU 1.1, ENTITLED “ESTABLISHMENT OF FUTURE LAND USE CATEGORIES” AT TABLE RLU 1.1 TO PROVIDE CONSISTENCY WITH FLOOR AREA RATIO (F.A.R.) REGULATIONS; BY AMENDING POLICY RLU 1.1.9, ENTITLED “MEDIUM INTENSITY COMMERCIAL (CD-2),” AND POLICY RLU 1.1.10, ENTITLED “HIGH INTENSITY COMMERCIAL (CD-3),” TO PROVIDE FAR AND DENSITY INCENTIVES TO ENCOURAGE THE DEVELOPMENT OF NON-TRANSIENT RESIDENTIAL USES AND THE CONVERSION OF EXISTING TRANSIENT USES TO NON-TRANSIENT RESIDENTIAL USES SPECIFIC TO PROPERTIES FROM THE EAST SIDE OF WEST AVENUE TO THE WEST SIDE OF DREXEL AVENUE AND LOCATED BETWEEN THE SOUTH SIDE OF 17TH STREET AND THE NORTH SIDE OF LINCOLN LANE SOUTH; BY AMENDING OBJECTIVE 1.2, ENTITLED “LAND USE REGULATION,” TO ESTABLISH POLICY 1.2.8, ENTITLED “RESIDENTIAL USE INCENTIVES,” TO PROVIDE MINIMUM STANDARDS FOR OBTAINING THE FAR AND DENSITY INCENTIVES SET FORTH IN THIS ORDINANCE; AND PROVIDING FOR CODIFICATION, REPEALER, SEVERABILITY, TRANSMITTAL AND AN EFFECTIVE DATE.

WHEREAS, the 2010 US Census indicated that the City of Miami Beach had a population of 87,779; and

WHEREAS, the 2020 US Census indicated that the City of Miami Beach had a population of 82,890; and

WHEREAS, between 2010 and 2020, the City of Miami Beach lost a net total of 4,889 residents; and

WHEREAS, the July 2022 Census American Community Survey estimates that the City of Miami Beach has a population of 80,017, reflecting a further loss of 2,873 residents since the 2020 Census; and

WHEREAS, the City finds the loss of permanent residents may have had a negative impact on the quality of life of remaining residents, by encouraging more traffic congestion due to the need for employees to commute longer distances to employment centers within the City; and

WHEREAS, the loss of residents is partially due to the conversion of residential units to short-term rentals or other transient units; and

WHEREAS, the introduction of transient units in predominantly residential areas has created nuisances for residents and often prevents the quiet enjoyment of their residences; and

WHEREAS, Section 509.032, Florida Statutes provides that “A local law, ordinance, or regulation may not prohibit vacation rentals or regulate the duration or frequency of rental of vacation rentals. This paragraph does not apply to any local law, ordinance, or regulation adopted on or before June 1, 2011”; and

WHEREAS, per Section 509.032, Florida Statutes, the City of Miami Beach cannot prohibit the short-term rental of residential units in areas where they were not prohibited prior to June 1, 2011; and

WHEREAS, the City seeks to establish incentives in order to encourage residential development that will not be used for short-term rentals or other transient uses in order to encourage the growth of the permanent resident population; and

WHEREAS, the City has the authority to enact laws that promote the public health, safety, and general welfare of its citizens; and

WHEREAS, the amendments set forth below are necessary to accomplish all of the above objectives.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA:

SECTION 1. The following amendments to the City’s 2040 Comprehensive Plan Resilient Land Use & Development Element are hereby adopted:

RESILIENT LAND USE & DEVELOPMENT ELEMENT

* * *

GOAL RLU 1: LAND USE

* * *

OBJECTIVE RLU 1.1 Establishment of Future Land Use Categories

The City hereby adopts future land use map categories to provide for an efficient distribution and compatible pattern of land uses, and to maintain and enhance the character of the community.

* * *

Table RLU 1.1

The following table is a reference guide that depicts the policy number, and maximum densities and intensities for each future land use map (FLUM) category.

(* = Refer to policy for limits)

FLUM Category	Density Limits (Units Per Acre)	Intensity Limits (Floor Area Ratio)	Reference (Policy #)
*	*	*	*

High Intensity Commercial (CD-2)	100 175* units per acre	2-0 4.0*	RLU 1.1.9
High Intensity Commercial (CD-3)	150 175 units per acre	2-0 4.0*	RLU 1.1.10

* * *

POLICY RLU 1.1.9 MEDIUM INTENSITY COMMERCIAL (CD-2)

Purpose: To provide development opportunities for and to enhance the desirability and quality of existing and/or new medium intensity commercial areas which serve the entire City.

Uses which may be Permitted: Various types of commercial uses including business and professional offices, retail sales and service establishments, eating and drinking establishments; apartment residential uses; apartment hotels; and hotels.

Other uses which may be permitted are accessory uses specifically authorized in this land use category, as described in the Land Development Regulations, which are required to be subordinate to the main use; and conditional uses specifically authorized in this land use category, as described in the Land Development Regulations, which are required to go through a public hearing process as prescribed in the Land Development Regulations of the Code of the City of Miami Beach.

Density Limits: 100 dwelling units per acre, *except as follows*:

- *For developments located on Washington Avenue between 6th Street and 7th Street, as described in the Land Development Regulations, that comply with the requirements for Residential Use Incentives in Policy RLU 1.2.8, the maximum density shall not exceed 175 dwelling units per acre.*
- For developments located between 17th Street and Lincoln Road, from the east side of West Avenue to the west side of Alton Road, and for properties located between 17th Street and Lincoln Lane North, from the east side of Alton Road to the west side of Lenox Court, as described in the Land Development Regulations, that comply with the requirements for Residential Use Incentives in Policy RLU 1.2.8, the maximum density shall not exceed 150 dwelling units per acre.

Intensity Limits: a floor area ratio of 1.5 for commercial; 2.0 for residential or mixed use; 3.25 in the Wolfsonian Arts District, *except as follows*:

- *For developments located on Washington Avenue between 6th Street and 7th Street, as described in the Land Development Regulations, that comply with the requirements for Residential Use Incentives in Policy RLU 1.2.8, the floor area ratio shall not exceed 4.0.*
- For developments located between 17th Street and Lincoln Road, from the east side of West Avenue to the west side of Alton Road, and for properties located between 17th Street and Lincoln Lane North, from the east side of Alton Road to the west side of Lenox Court, that comply with the requirements for Residential Use Incentives in Policy RLU 1.2.8, the floor area ratio shall not exceed 3.0 for lots less than 45,000 square feet and 3.5 for lots greater than 45,000 square feet.

*

*

*

POLICY RLU 1.1.10 HIGH INTENSITY COMMERCIAL (CD-3)

Purpose: To provide development opportunities for and to enhance the desirability and quality of existing and/or new medium intensity commercial areas which primarily serve the entire City.

Uses which may be permitted: Various types of commercial uses including business and professional offices, retail sales and service establishments, eating and drinking establishments; apartment residential uses; apartment hotels; and hotels.

Other uses which may be permitted are accessory uses specifically authorized in this land use category, as described in the Land Development Regulations, which are required to be subordinate to the main use; and conditional uses specifically authorized in this land use category, as described in the Land Development Regulations, which are required to go through a public hearing process as prescribed in the Land Development Regulations of the Code of the City of Miami Beach.

Density Limits: 150 dwelling units per acre.

Intensity Limits:

- a floor area ratio of 2.25 on lot area equal to or less than 45,000 sq. ft.;
- a floor area ratio of 2.75 on lot area greater than 45,000 sq. ft.;
- a floor area ratio 3.0 on oceanfront lots with lot area greater than 45,000 sq. ft.;
- a floor area ratio of 2.0 on oceanfront lots in architectural district;
- *for developments located on Washington Avenue between 16th Street and 17th Street, as described in the land development regulations, that comply with the requirements for residential use incentives in policy RLU 1.2.8, the floor area ratio shall not exceed 4.0.*
- for developments with a lot line on the north side of Lincoln Road, between the east side of Alton Road and the west side of Drexel Avenue as described in the land development regulations, that comply with the requirements for residential use incentives in policy RLU 1.2.8, the floor area ratio shall not exceed 3.0;
- for developments with a lot line on the south side of Lincoln Road, between the east side of Alton Road and the west side of Drexel Avenue as described in the land development regulations, that comply with the requirements for residential use incentives in policy RLU 1.2.8, the floor area ratio shall not exceed 2.75;
- for developments located between 17th Street and Lincoln Lane North, from the east side of Lenox Court to the west side of Meridian Court as described in the land development regulations, that comply with the requirements for residential use incentives in policy RLU 1.2.8, the floor area ratio shall not exceed 3.0 for lots less than 45,000 square feet and 3.5 for lots greater than 45,000 square feet;
- for developments located between 17th Street and Lincoln Road, from the east side of West Avenue to the west side of Alton Road, and for properties located between 17th Street and Lincoln Lane North, from the east side of Alton Road to the west side of Lenox Court as described in the land development regulations, that comply with the requirements for residential use incentives in policy RLU 1.2.8, the floor area ratio shall not exceed 3.0 for lots less than 45,000 square feet and 3.5 for lots greater than 45,000 square feet;

*

OBJECTIVE RLU 1.2: LAND USE REGULATION

Future growth and development, redevelopment and rehabilitation will be managed through the preparation, adoption, implementation, and enforcement of land development regulations (LDR) consistent with the Comprehensive Plan and with s.163.3202, F.S.

*

*

*

POLICY 1.2.8 RESIDENTIAL USE INCENTIVES

These provisions are hereby adopted to provide voluntary zoning incentives for non-transient residential development. Where authorized in the underlying future land use category, and in accordance with all applicable regulations set forth in the Comprehensive Plan and Land Development Regulations, residential developments consisting solely of non-transient residential units and allowable accessory uses shall be eligible for applicable incentives set forth in such future land use category, subject to the following conditions:

1. **Lodging Use Conversion and Prohibition.** *In order to be eligible for the residential use incentives, the property shall be required to fully vacate any and all existing transient uses including, but not limited to, bed & breakfast inn, hostel, hotel, apartment hotel, suite hotel, or rooming house. Such transient uses shall be prohibited throughout the development and at all times, in order to maintain the residential use incentives authorized for the applicable future land use category.*
2. **Short Term Rental Conversion and Prohibition.** *In order to be eligible for the voluntary residential use incentives authorized for the applicable future land use category, the property owner(s) shall first be required to vacate any and all existing approvals for the short-term rental of any apartment units on the property, except as may be provided for in the land development regulations.*
3. **Covenant.** *As a condition of eligibility for the voluntary residential use incentives authorized for the applicable future land use category, the property owner(s) shall first be required to execute a restrictive covenant running with the land, in a form approved by the City Attorney, affirming that throughout the building and at all times, no residential units on the property shall be leased or rented for a period of less than six months and one day, and that no transient uses including, but not limited to, bed & breakfast inn, hostel, hotel, apartment hotel, suite hotel or rooming house, shall be permitted on the property. The covenant shall expressly provide that an affirmative vote of six-sevenths of all members of the city commission shall be required in order to release the covenant or to modify the covenant in such a manner as to impose a less stringent restriction after it is executed.*

SECTION 2. CODIFICATION.

It is the intention of the City Commission that this Ordinance be entered into the Comprehensive Plan of the City of Miami Beach, FL, and it is hereby ordained that the sections of this Ordinance may be renumbered or re-lettered to accomplish such intention; and that the word "ordinance" may be changed to "section," "article," or other appropriate word.
